

OMI-3

METAL ENCLOSURES WITH TRANSFORMER

Enclosures complete the range of products provided by SATEL. To make installation easier, they are designed exclusively for SATEL panels and expansion modules, intended for indoor use. High quality craftsmanship and proper electrochemical preparation guarantee good paint adhesiveness and through rust protection.

FEATURES

- **EN50131** Grade 3 approved
- double tamper protection
- dimensions: 330 x 405 x 110mm
- transformer: 50 VA
- primary voltage: 230 V AC, 50 Hz
- secondary voltage: 20 V AC, 50 Hz
- compatibility:
 - **INTEGRA** control panel
 - **INTEGRA** expansion modules
