

# INT-KLCD-BL

LCD keypads are designed for daily operation of **INTEGRA** systems. With the display that shows text messages, even advanced functions of the alarm control unit are simple and convenient to use.

The keypad is available in three versions, differing in the colour of the keypad and display backlight: **white (INT-KLCD-W)**, **blue (INT-KLCD-BL)**, and **green (INT-KLCD-GR)**.

- keypad and display backlight **in blue**
- LEDs indicating system status
- PANIC, FIRE, and AUX alarms triggered by holding down keys
- buzzer for acoustic signaling
- 2 zones
- indication of communication loss with the control panel
- RS-232 port for use with the **GUARDX** software

|                                  |                   |
|----------------------------------|-------------------|
| Environmental class              | II                |
| Supply voltage                   | 12 V DC           |
| Enclosure dimensions             | 140 x 126 x 26 mm |
| Operating temperature range      | -10...+55 °C      |
| Standby mode current consumption | 17 mA             |
| Max. current consumption         | 101 mA            |
